It can be used for video call, video meeting, live streaming, online teaching and Self-service terminal equipment and other scenarios.

Multi-Application & Universal Compatibility

Specifications

Product Model	UV200
Image sensor	COMS 1/2.7"
Resolution and frame rate	1920*1080 / 30fps
Optional Resolutions	MJPG: 320*240@30fps, 352*288@30fps, 640*480@30fps, 800*448@30fps, 800*600@30fps, 960*544@30fps, 1024*576@30fps, 1024*768@30fps, 1280*720@30fps, 1600*869@30fps, 1920*1080 @30fps
Lens	3mm
FOV	90°
Supported Formats	YUV/MJPG
Communication interface	USB 2.0
Interface Transmission Speed	480mb/s
Support Operating System	Win xp / Win7/ Win10/ Max / Linux/ Android5.1or above version
USB Power Supply Voltage	5V±5%
Working Current	180mA±10mA / LED 160mA
Dimension(L*W*H)	50mm*56mm*98mm
Net Weight	96g
Gross Weight	138g
Working Temperature	-10°C to 50°C
