

# Walk Through Metal Detector

## ZK-D1065 6 Zones Standard

Count statistics of alarms and people

3.5" LCD display

6 detection zones

Each detection zone has 100 adjustable sensitivity levels

Harmless to human body

Excellent anti-interference

Fireproof material

Water-proof bottom

## Applications

Exhibition center

Government office

Electronic factory

Prison

Finance

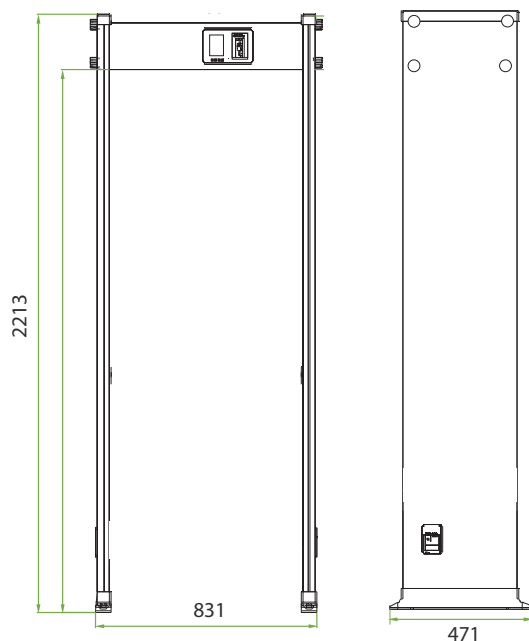

Hotel

- 6 detection zones
- 100 sensitivity levels
- LED display
- Counter for alarm and people
- Synchronous sound & LED alarm

## Specification

Power Supply	AC100V ~ 240V
Working Temperature	-20°C ~ 55°C
Working Humidity	<95% (non-condensing)
Working Frequency	5.7KHz ~ 9.6KHz
Input Voltage	DC12V
Working Current	1.4A
Running Power	16W
Alarm Volume	85dB
Dimension (H*W*L)	2213 * 831 * 471 (mm)
Dimension with Packing (H*W*L)	2282 * 612 * 238 (mm)
Weight with Packing	40kg
